

# Your Partner for Energy Efficiency and Building Controls Technology

- Energy ETC, Inc. - 3229 Whipple Road, Union City, CA 94587 -  
 - 510.487.1876 - sales@energyetc.com - www.energyetc.com - @energyetc -

## HVAC

Monitor & control AC units, air handlers, chillers, towers, pumps, fans, VFDs

Sensor calibration, energy audits, maintenance alerts, fault detection, energy efficiency, Title 24 compliance, optimized startup, advanced controls

## Lighting

Advanced controls, occupancy, light harvesting, Title 24 compliance, audits

LEDs, energy efficiency, parking lots, interior, exterior, sub metering, demand response, fault detection

## Industrial Controls

Monitor & control process loops, wastewater, abatement systems, fans, VFDs, PLCs

Historical data logging, alarms, fault detection, tuning, energy efficiency

## Card Access

Real time secure access, online management monitoring & control, integrated video with cloud storage

Expandable across corporate locations, low cost of ownership, simple to use

## Public Displays

Promote corporate responsibility, communicate with employees & customers

Completely customizable, dynamic real time data, lobbies, conference rooms, elevators

## Energy Metering

Main Meters, sub meters, individual devices/loads, historical tracking, utility bill validation & reporting

Automated demand response, peak load shedding, active energy reduction, electrical, gas, water

## Installation

Turn key from design to commissioning, as-built documentation, customer training, on-premise or hosted server solutions

Experienced technicians & engineers team with customer for success

## Service & Support

Professional troubleshooting & repair, system audits & validation, live helpdesk operators, remote access to servers.

Maintenance & service agreements, "parts & smarts" packages, engineering, training, consultation

## Products - Services - Solutions
